Cut Out The Ring Finder Below

1- Use scissors to cut out the Ring Sizer along the red outline
2- create an opening along the dashed line
3- With numbers showing outside, insert the thin red end of Ring Sizer through the opening and place it over your finger.
4- Pull red triangle through the opening until it fits comfortably.
5- Read the corresponding numbers from the number scale as it lines up with the edges of the opening.
